Azim Premji University public lecture series to feature Nobel Laureate Michael Spence

February 13, 2024: Michael Spence, Nobel Laureate in Economics, will feature in the Azim Premji University public lecture series in an event to be held in Bengaluru on February 15.

Spence, Co-Chair of the Commission on Global Economic Transformation at the Institute for New Economic Thinking will be in conversation with Anurag Behar, Chief Executive Officer, Azim Premji Foundation on “Artificial Intelligence in the age of uncertainty.” The discussion will explore the role of AI in shaping the future of work, responsible data management and realising the true human potential for a better tomorrow.

A Professor of Economics at the NYU Stern School of Business, Spence is also a Senior Fellow at the Hoover Institution, Chairman of the Academic Council of the Fung Global Institute, and Member of the Board of the Stanford Management Company, and the International Chamber of Commerce Research Foundation. Previously, he served as the Dean of the Faculty of Arts and Sciences at Harvard and the Dean of the Graduate School of Business at Stanford University.

The lecture series aims at building awareness and encouraging discourse on contemporary issues and matters of public interest.

Event Details
Date: February 15, 2024
Time: 5-6.30 PM
Venue: Bangalore International Centre

About Azim Premji University
Azim Premji University was established under the Azim Premji University Act 2010 of the Government of Karnataka. Azim Premji Foundation, the sponsoring body set up the University as a fully philanthropic and not-for-profit entity, with a clear social purpose of contributing to the realization of a just, equitable, humane and sustainable society.

About INET
Founded in the wake of the financial crisis in 2009, the Institute for New Economic Thinking (INET) is a New York City–based nonpartisan, nonprofit organization devoted to developing and sharing the ideas that can repair our broken economy and create a more equal, prosperous, and just society. To meet current and future challenges, INET conducts and commissions research, convenes forums for exchanging ideas, develops curricula, and nurtures a global community of young scholars. INET carefully incubates new economic thinking within the academy and beyond. INET promotes new economic thinking and has garnered support from influencers, policymakers, and the engaged public to make a tangible impact in the real world.
